Attention: Mr. William J. Librizzi - Director  
Office of Emergency & Remedial Response

Dear Sir,

We acknowledge receipt of your letter of July 3, 1984 and a copy of the Remedial Investigation/Feasibility Study work plan. Thank you for sending this to us.

According to the advice of corporation counsel, Tifa declines to "perform the RI/FS" program. After reviewing the RI/FS it is apparent that certain phases of the work will need Tifa's cooperation such as space for trailers, access, utilities and other items. You can be sure that Tifa will cooperate in each of these areas as appropriate and as agreed to by subsequent writings.

We have advised your office in writing and verbally that Tifa does not consider itself liable for any responsibilities on the asbestos or chemicals or any other items deposited on this site prior to Tifa's purchase of this site.

Yours truly,

Tifa (C.I.) Limited
